INTERFAITH SHELTER NETWORK  
2019-2020 Fact Sheet for Case Managers

This is the 34<sup>th</sup> season of the Interfaith Shelter Network. More than 110 congregations of all faiths participate in the Network in 8 areas of the county. Nearly half of those congregations are hosts – the ones you interact with primarily. In the Network’s 33 years, the congregations have collectively sheltered more than 9,900 people for 270,000 nights –ALL people you’ve referred to the shelter.

*“The Miracle of Success: 33+ years of changing lives.”*

- The Maximum stay in the program is officially 10 weeks. You as the case manager need to feel comfortable requesting an extension from the Network’s Rotational Shelter Coordinator. An extension can be granted for 1 to 2 weeks at a time if you think the client, the case and their motivation warrants it. Ten weeks is not a right, nor guaranteed. Guests must be moving toward their goals or should be asked to leave
- Each client is to see his/her case manager once a week, whether it is your visit to him/her at the shelter or him/her at your office. This will be accomplished by a weekly voucher system. A voucher is in the case management packet and should be copied on your letterhead. (Some have suggested copying the letterhead on colored paper to help protect against forgery).
- We ask that case managers visit each shelter at the beginning of each rotation to get a feeling for the place that guests stay at and to provide another in-person meeting with the coordinator.
- Each case manager or supervisor provides each Host Congregation Coordinator with an after-hours number so that the Congregation Coordinator can attempt to reach someone at the agency in the event of an emergency. Provisions are to be made to have someone else on call for planned vacations or weekends away.
- I/We agree that we will refer each adult client to the Workshops held in their shelter &/or refer to another branch, if it is needed sooner. Case managers verify attendance at the workshop.
- Reports are due to the Network office by noon on the 5<sup>th</sup> of each month. All clients in the shelter the past month must be reported as well as their job, housing and benefit status along with demographic information on them. Clients who leave after less than two nights in the shelter without going to housing are to be reported, but not claimed, on form 4-A.
- The Network, through the professional case management and the special caring of the congregations, has a lot of successes! More than 50 percent of the guests leave the shelter for their own housing. Up to 61% of the adults have had either a job or a source of income when leaving.
- The Network’s shelters are staffed entirely by volunteers who dedicate their time to helping the homeless in their areas. Few would participate without your professional guidance.

**YOU make a BIG difference!**
